

10-1-10

To whom it may concern,

I do not in any way support the law suit brought by Almedes et al. I find it selfish, self serving and mean spirited.

I am insulted and annoyed by the inaccurate statements in their most recent letter concerning "the very land my house sits on."

I find it very sad that a small group of individuals can create such turmoil at a wonderful neighborhood beach where my family has owned property for over 60 yrs. and I have had "frontal" property for 10.

Thank you -
